NEW USMS ADMINISTRATIVE ZONES APPROVED

Gail M. Dummer, Special Zone Committee Chairman

Delegates to the USMS Annual Convention in Memphis voted to adopt new zone alignments for administrative purposes. At Memphis, the responsibility of the Zone Chairmen was redefined as *helping to strengthen LMSCs*. In particular, Zone Chairmen have agreed to assist smaller or developing LMSCs in conducting meets, generating new registrations, understanding USMS policies and rules, and conducting other LMSC activities. In order to achieve the goal of strengthening LMSCs, Zone Chairmen will need the help of LMSCs within their zones. Communicate with your Zone Chairmen to make your LMSC's needs known. Zone Chairmen will be most effective when they respond to local needs and requests. The new zones, their chairmen, and associations contained in each zone are as follow:

- COLONIES - Jeanne Bostwick, 3 Golden Hill Ct., Catonsville, MD 21228.
Adirondack, Connecticut, Maine, Maryland, Metropolitan, Mid-Atlantic, New England, New Jersey, Niagara, Potomac Valley, and Virginia.
- HEARTLAND - Bobbi Turcotte, Buehler YMCA, P.O. Box 367, Palatine, IL 60067.
Allegheny Mountain, Central, Indiana, Kentucky, Lake Erie, Michigan, Ohio, West Virginia, and Wisconsin.
- DIXIE - Joe Biondi, 216 Elizabeth Avenue, Clearwater, FL 33519.
Florida, Florida Gold Coast, Georgia, North Carolina, South Carolina, Southeastern, and Southern.
- BREADBASKET - E. Kevin Kelly, 1400 Dean Avenue, Des Moines, IA 50316.
Iowa, Midwestern, Minnesota, Missouri Valley, North Dakota, Ozark, and South Dakota.
- COW AND OIL COUNTRY - Mildred Anderson, 506 Bolivar, Bellaire, TX 77401.
Arkansas, Border, Gulf, Oklahoma, South Texas, Southwestern, and West Texas.
- CONTINENTAL DIVIDE - Jack Buchannan, 29195 Hiestad Drive, Evergreen, CO 80439.
Arizona, Colorado, Montana, New Mexico, Utah, and Wyoming.
- OCEANA - Dore Schwab, Jr., P.O. Box 772, Ross, CA 94941.
Alaska, Central California, Far East, Hawaii, Inland Empire, Japan, Oregon, Pacific, Pacific Northwest, Pacific Southwest, Snake River, Southern Nevada, and Southern Pacific.

Please note that *the new seven zones are not competitive alignments*. The old zones (A, B, C, and D) will still be used to determine the rotation schedule for national championship meets. Zone Chairmen will no longer govern regional meets in any way. This includes selecting regional meet bid recipients or administering USMS/Penn Mutual funds (Penn Mutual will no longer be a sponsor of masters swimming). Since Zone Chairmen will not be governing regional meets, LMSCs are free to associate with other LMSCs to form regions as they wish, crossing zone boundaries if they wish to do so. Regional meets have become a matter of local initiative.

The seven zone concept is being tried on an experimental basis this year. Please help this to be a successful experiment by communicating with your Zone Chairmen. Send copies of your newsletters, minutes of meetings, and other pertinent correspondence to them. Help to strengthen your LMSC.

WELL WORTH REPEATING -

Remember this your lifetime through..
Tomorrow, there will be more to do..
And failure waits for all who stay..
With some success made yesterday..

NEW USMS ADMINISTRATIVE ZONES - Kevin Kelly

found this little article in a Des Moines, IA newspaper. It reminded him of our new zones.

Naming the orphaned Bells

The antitrust agreement that's breaking up the Bell System - American Telephone & Telegraph Co. - means the end of old Ma Bell as we have known her. Her phones will soon be operated by seven daughters, the new regional entities that are being formed from the present, more numerous AT&T operating companies.

According to Washington Update, a publication of the North American Telephone Association, a wag employed "somewhere in the Bell System"

already has named the seven sisters:

Yankee Bell (Northeast); Liberty Bell (mid-Atlantic), Southern Belle (South), Cow Bell (Midwest), Buffalo Bell (West), Taco Bell (Southwest) and Tinker Bell (California).

We suspect that the chief Bell-ringers have more important worries than what to call the orphaned companies: like, for example, what are the chances that some of them, cast out on their own in the cold, competitive world, might go Bell-y up?
