Greetings from the National Office…

As you may or may not know, the Groundhog saw his shadow and we have 6 more weeks of winter. Here in New Hampshire, it’s definitely winter with another 10 inches of snow falling today! I’m looking forward to doing some traveling (Worlds – Perth, Australia, SC Nationals - Austin, TX, LC Nationals, Mt Hood, Oregon) and getting away from it all, how about you?

Speaking of traveling, the USMS Executive Committee and Board of Directors recently met in Grapevine, Texas for the annual mid year meeting. The theme was “Put Your Strengths to Work for USMS”. Agenda items include the following: On-line Registration, Club Development Task Force, LMSC Task Force, Branding Task Force, USA Swimming BOD, Board Committee Reports (Audit, Compensation/Benefits, Policy), Governance (Role of EC/BOD, Executive Limitations, Professional Management Guidelines (PMG) Review, FOG), Business Issues (Sponsorships/Corporate Partnerships, Membership-Creating Value, Building a partnership with USA-T, Web Review, USMS SWIMMER, FINA), Planning (Strategic Plan Updates and Evaluation, Committee Assignments), Setting EC, Board, and Divisional MOGs and establishing priorities, Convention Planning. Minutes will be available on the www.usms.org website soon.

A lot goes on out of the water to make it better for our members in the water. Please be sure to pass information from this newsletter on to your membership. This issue and all previous issues of Streamlines…are posted on the www.usms.org website soon.

FINA—Water is our World
To launch its Centenary year (1908 – 2008), the members of the FINA Bureau wish to address the serious demand for the protection of water and the environment facing the world today.

In 1908, on the occasion of the Olympic Games in London, when the delegates of eight countries decided to establish FINA, the quality, scarcity and the protection of water was not on the agenda.

One hundred years later, as we commence the year-long FINA Centenary Celebrations, and look forward to developing our Federation and our sports and paying tribute to all involved both past and present, we wish to earnestly declare that FINA associates itself with all movements directed towards the preservation of the environment and the protection of water, an essential element of live on earth.

One hundred years later, we invite all 194 FINA Member Federations, their pool and open water swimmers, water polo players, divers, synchronized swimmers, officials, trainers and everyone involved, to repeat loud and clear the international message: Respect Water.

For more information on the history of FINA, go to www.fina.org/project/index.php?option=com_content&task=view&id=98&Itemid=9

Open Water Swimming Stories

Check out the several open water swimming stories that Steven Munatones (a 45 year old USMS member) has posted on www.NBCOlympics.com and www.10Kswim.com (where most of the photos were taken by our own Dr. Jim Miller).

For those individuals who only do pool swimming, you may enjoy: leftbraingames.com/andy/Swim/ - which is an online game where you can race against all the current and former world record holders (i.e., if you want to “see” yourself race against Michael Phelps or Natalie Coughlin – or you want to see Mark Spitz “race” against Michael Phelps or Janet Evans “race” against Kate Zeigler – you can do so).

Thank you Steve!!!

USMS National Postal & Open Water Championships
To keep up with the ever-growing popularity of the 5 USMS National Postal Championships and the 1 Mile and 2 Mile OW Cable National Championships, LMSCs are opting to establish and maintain both individual and relay records at the LMSC level for these events. These records correspond to the same events that are kept at the National level: One Hour Postal, 5K Postal, 10K Postal, 3000 yard Postal, 6000 yard Postal and the 1 Mile and 2 Mile Open Water Cable Swims. What is your LMSC doing?

2010 Long Distance National Bid Forms
Bid forms for the 2010 USMS Long Distance Championships (attached with this newsletter) have been e-mailed and must be returned to Marcia Cleveland (longdistance AT usms DOT org) no later than Friday, August 1, 2008. Forms are also available by emailing Marcia or by going to the Long Distance web site (www.usms.org/longdist). Site/host selection for the 2010 events will occur at the 2008 USMS Convention in Anaheim, but committee review and discussion will take place prior to convention. The Long Distance Committee encourages all interested organizations to bid, particularly those that have not previously hosted a national championship.

Out-of-area bids for open water events will not be considered if there are qualified, in-area bids, but this is often not the case. The last page of the bid form contains the area system for 2010. Postal events are not subject to area restrictions, and you may use one form to bid for more than one postal event.

Rules Corner

by Kathy Casey, USMS Rules Chair

Fly Splits from the IM

Situation: I was told that the 50 fly split and the 100 fly split from the 400 IM would not count as official times for butterfly because the event is called “IM” instead of butterfly and the rule book says, “An official time for an event or stroke can only be achieved…in an initial distance of such event or stroke.” (103.13.2)

Answer: That is the correct rule, but the interpretation was wrong. The rule book describes the first one-fourth of the IM as butterfly (101.6). Therefore, the 50 fly split and the 100 fly split of the 400 IM would both count as official times for butterfly. Quoting 103.13.2 above along with the language of 101.6 (in parentheses), “an initial distance” (first one-fourth) “of such event or stroke” (individual medley) means the butterfly (first one-fourth of the IM).

Swimmers with Disabilities

Question: If a swimmer has severe damage to the rotator cuff in the left shoulder, is she allowed to swim one length of butterfly with the right arm only and the next length with the left arm only?

Answer: No. The general rule is: if a part of the body cannot be used, it is not judged; if it is used during the stroke or kick, it should be judged in accordance with the USMS rules (108.5.2). In this case, the injured arm was used every other length in that race and must be judged according to the stroke rules for butterfly (101.3.2). Referees have the authority to modify rules for swimmers with disabilities (103.6.7 and 108.1.1). Article 108 contains guidelines and suggestions for modifying the rules for swimmers with disabilities. Article 108 cannot list the modifications for every disability that exists, so each case is handled on its own merits. The swimmer (or a representative of the swimmer) must notify the referee of the swimmer’s disability prior to the competition.

Recognized Meets:

Question: How do we get times from a recognized meet to count for USMS?

Answer: These steps must be followed (1, 2, and 3 are not required for meets sanctioned by USA Swimming, 202.2):
1. Apply to the LMSC where the meet is to be held for recognition and get a recognition number for that meet. (202.2.1A)
2. A USMS observer must be assigned to the recognized meet. (202.2)
3. The USMS observer must submit a written report to the LMSC verifying whether the relevant USMS rules were followed or not. (202.2)
4. The swimmer(s) must submit the times and documentation for those times to the appropriate LMSC Top 10 recorder. (202.2)
5. The pool length certification must be on file with USMS or USA-S or must be measured and submitted if such certification is not on file or if there have been structural changes to the pool (for a bulkhead pool, the length of the two outside lanes and a middle lane must be confirmed at the end of each session). Funds Available for Mentor Coach and Swimmer Clinics/Open Water Clinics

Funds are available to LMSCs and clubs for hosting a Mentor Coach and Swimmer clinic. These clinics consist of a minimum two-hour coaches’ clinic and four-hour swimmers clinic.

Funds are also available for hosting Open Water clinics. These clinics consist of a minimum four-hour swimmers’ clinic and may be coupled with a sanctioned/recognized open water swim.

Both clinics types are directed by a local volunteer in conjunction with an approved experienced clinician which the coaches committee can help identify. For additional details, contact the Coaches Committee clinic coordinator, Doug Garcia, 509-332-1621 (before 9 pm PST) or send email to douggarcia at usms dot org.
RANSOM ARTHUR AWARD NOMINATIONS

The one-page application form may be produced on computer or submitted on the attached application form. To: LMSC Chairs, Editors, Webmasters and OWLD Chairs; Open Water & Long Distance Meet Directors; USMS Open Water Committee; USMS Board of Directors

Greetings. The 2010 USMS Open Water Long Distance National Championship bid form is attached. We encourage all interested organizations to bid, particularly those that have not previously hosted a national championship.

With this Bid Form, the Open Water Committee has adopted a new spreadsheet format to streamline the bidding process for both the bidders and our committee.

Please fill out the attached bid form, including dates for the event if available, and email to me no later than Friday, August 1, 2008. Site/host selection for the 2010 events will occur at the 2008 USMS Convention in Atlanta, Georgia but committee review and discussion will take place prior to Convention, thus requiring email submission. Accordingly, bids received by mail or fax will not be accepted. Attachments to the bid form are not required and only a total of three will be accepted.

It is advisable to secure an electronic receipt or a confirmation email to insure that your bid form was received.

Selection will be based on the suitability of the bid received, the area in which the event is to be held, the timeliness of the submission, and how the entire annual event schedule works as a whole. Untimely bids (those received after August 1st) will not be considered if a qualified, timely bid is received for the same event. Bid presentations at Convention are strongly recommended but not required and each presentation is strictly limited to 5 minutes. If you choose not to make a presentation, we suggest that a representative be present to answer any questions that the committee might have. Bidders will be alerted as to when these presentations will take place at Convention.

The current USMS Open Water calendar includes both open water and pool long distance events. For examples of current events, this calendar is available at: http://www.usms.org/comp/ldcalendar.php.

We encourage you to add your Open Water and Postal events to this calendar by filling out the form at: http://www.usms.org/comp/eventform.php.

Feel free to copy this email to any interested party and to contact me if you have any questions. Note that we used several email lists, so you may receive multiple copies of this communication.

Swimcerely,

Marcia Cleveland
