Request for Applications
for
USMS Web Developer

(Application Deadline is May 16)

United States Masters Swimming (USMS) is soliciting applications for the position of Web Developer to assist the USMS Webmaster. This position will be involved in all phases of development and maintenance of the USMS web site (www.usms.org). Such development includes the design and maintenance of a MySQL database, creation of custom PHP and Perl scripts to drive the web site and to provide for USMS administrative features, and web page layout and design.

Required skills include a demonstrated proficiency in developing plain HTML web sites as well as experience with at least one server-side scripting language (PHP, ASP, Perl) and experience in creating database-driven web sites. Experience in creating dynamic PHP and MySQL driven web sites is preferred. Additional experience in graphic design and client-side JavaScript will also be considered. Familiarity with the USMS organization and swimming terminology is a plus.

For more information about the job requirements, contact Jim Matysek, USMS Webmaster, webmaster@usms.org. Interested parties are invited to submit their resumes and references on or before May 16, 2004 to:

Lynn Hazlewood
USMS EC Liaison to the Webmaster
1415 Aldenham Lane
