302.1.3 At the discretion of the event director, open water events may be competitive and/or noncompetitive.

302.2 Open Water Courses

302.2.1 The Course
A The event director shall determine the course and type of start and finish.
B The course shall be measured and marked as accurately as feasible.
C Hazards on the course should be eliminated or marked wherever possible.

302.2.2 Water Conditions
A Water Temperature
   (1) A swim shall not begin if the water temperature is less than 60° F. (15.6° C.), unless heat-retaining swimwear is required of all swimmers or a USMS-approved thermal plan is in place.
   (2) A swim in which heat retaining swimwear is required of all swimmers shall not begin if the water temperature is less than 57° F. (13.9° C.) unless a USMS-approved thermal plan is in place.
   (3) A swim shall not begin if the water temperature exceeds 85° F (29.45° C.)
B Water Quality—If water quality meets the standards of the local testing authority, the water quality will be deemed acceptable.

302.2.3 Starting Line
A The starting line shall be specifically designated and clearly defined.
B For swims starting from a platform or dock, the water depth shall be no less than 6 feet for the first 5 meters of the course. All swimmers in the pre-race safety meeting and before the start of each race/wave shall be advised of the depth of the water. Water depth markings on the starting platform or dock are recommended. The referee shall have this start area inspected for underwater hazards before the swim. The swim shall use an alternative method of starting if hazards cannot be eliminated.

302.2.4 Turns
A All turns shall be clearly indicated.
302.3

B  Turns shall be directional, and passed on the right or left as stated in the pre-swim instructions.

C  Guide buoys may be used between turns to help swimmers navigate. These buoys shall be non-directional and swimmers may pass these buoys on either side, except for floats on a straightaway swim course or when otherwise directed by the referee.

302.3.5 Finish Line

A  The finish line shall be specifically designated and clearly defined.

302.3.5 Feeding Stations

A  Number of feeding stations for swims without individual escorts:

   (1) For swims 5-kilometers or shorter, feeding stations are optional.

   (2) For swims longer than 5-kilometers but shorter than 10-kilometers, at least one feeding station is required.

   (3) For swims 10-kilometers or longer, there shall be at least one feeding station every 2.5-kilometers.

B  Feeding stations shall be fixed in position and shall safely accommodate the number of swimmers and feeders.

C  Feeding stations shall be located on the inner or outer boundaries of the course.

D  For swims requiring individual escorts, feeding stations are optional.

302.5.2 Time/Distance Basis—A specified number of swimmers on each relay shall be considered in the computations for club scoring. The relay whose specified number of swimmers has the lowest cumulative time or the greatest cumulative distance shall be declared the winner. A similar method shall be used to determine second, third and subsequent places. In the event of a tie, the relay with an individual member with the fastest or farthest swim shall be declared the winner or awarded the place.

302.5.3 Point Basis—Points are awarded on the basis of overall finishing position, with one point for first place, two points for second place, etc. The points of specified relay members are added, and the lowest cumulative score determines the winning relay; the second lowest score, the second place, etc. In the event that two or more relays score the same number of points, the relay with the individual member with the fastest or farthest swim shall be declared the winner or awarded the place.
302.5.4 With the exception of National Championship events, the event director may allow special events in which members of an open water relay need not be from the same club.

302.6 Sequential Relays

302.6.1 Relays shall consist of two or more swimmers as specified on the entry form from the same USMS-registered club. The relay members shall rotate in the same order throughout the event. Article 303:
Conduct of Competitive and Solo Open Water Events

303.1 Scoring Divisions

With the exception of national championship events, scoring divisions are at the discretion of the event director and may be separated by gender, age group, swimwear, specialty categories or any other method suitable to the swimmers served.

303.1.1 Scoring divisions shall be subject to the following:

A Scoring divisions shall be the same for men and women.

B For competitive swims, separate scoring divisions may be contested at the same time, with results tabulated separately.

C If awards are given for competitive swims, they shall be of equal value for men and women.

D For the purposes of national championships, awards and recognition, only standard USMS scoring divisions—used singly and in combination—shall be eligible. Specific applications of scoring divisions are found in the applicable rules under articles 307.7.4 and 307.7.5.

E With the exception of National Championships, requirements defined in article 303.1.1.D may be waived by the Long Distance Committee chair to facilitate the development of new or revised awards systems.
303.1.2 Standard USMS gender scoring divisions consist of:
   A Individual—Open, women, and men.
   B Relay—Women, men, and mixed.

303.1.3 Standard USMS age group scoring divisions consist of:
   A Individual—Open and 18-24, 25-29, 30-34 … (five-year age groups as high as necessary).
   B Relay—Open and 18+, 25+, 35+… (10-year age groups as high as necessary), the age of the youngest relay member determining the age group.

303.1.4 Standard USMS swimwear scoring divisions consist of category I and category II swimwear as defined in article 303.7.

303.2 Safety

303.2.1 Event directors shall develop and maintain a written safety plan that must be reviewed by the LMSC authorized representative. Safety plans shall then be included in the sanction application and must be approved by USMS before issue of the sanction.

303.3 Escorted Swims

303.3.1 In any event for which it has been arranged that an escort craft will accompany each swimmer throughout the event, all swimmers shall be accompanied by such an escort craft. If the escort becomes disabled or cannot continue to accompany the swimmer, the swimmer may stay in the water near the disabled escort craft until a replacement arrives, join another escort craft that is accompanying only one other swimmer until another escort craft arrives or exit the water.

303.3.2 Swimmers may receive the following assistance from any escort craft:
   A Food or drink may be passed from escort craft to swimmer as long as deliberate contact is not made between the two.
   B The escort craft may also assist the swimmer with navigation, including verbal and written communication.

303.3.3 Swimmers shall not receive the following assistance from any escort craft:
   A Swimmers shall not receive flotation or propulsion from any escort craft nor make intentional contact with any craft.
   B Drafting directly behind the escort craft shall not be permitted when other open water is readily available.
   C Escort craft shall not obstruct other swimmers in the race.

303.3.4 If a swimmer’s escort craft becomes disabled as per article 303.3.1, an escort craft for another swimmer may assume responsibility for the swimmer with the disabled escort craft, subject to the following conditions:
   A Any one escort craft may escort no more than two swimmers.
   B The two swimmers must stay within 3 meters of each other. Failure to stay within 3 meters shall result in immediate disqualification of the second swimmer assigned to the escort craft and the immediate exit of that person from the water.
303.3.5 In any swim in which individual escorts are required and motorized escorts are allowed, receiving assistance by any drafting is prohibited. Swimmers must attempt to remain 3 meters or more from other swimmers, except when rounding buoys, when overtaking other swimmers when space is not readily available, when unescorted at the start and finish of the swim, and when the swimmer’s escort craft becomes disabled as per articles 301.3.1 and 303.3.4. Incidental or accidental incursion into the 3-meter zone of another swimmer shall not be the basis for disqualification.

303.3.6 In any swim in which individual escorts are required and nonmotorized escorts are used, the event director may choose to allow drafting or prohibit drafting in accordance with article 303.3.5.

303.4 Starts

303.4.1 Types

A Stationary—Swimmers start from a platform or in the water behind the starting line.

B Running—Swimmers line up a short distance from the water behind a marked line. At the starting signal, the swimmers run into the water and swim the prescribed course.

C Wave—At the discretion of the event director, swims may be started in waves in which each wave is separated at the start from other waves by a time interval. Swimmers’ times shall be adjusted by the starting time interval and their order of finish shall be determined on the basis of the adjusted time.

303.4.2 Starting Signal—The starting signal shall be both audible and visible.

303.4.3 Straightaway Events—A stationary water start shall be used in straightaway events.

303.5 Seeding

303.5.1 When practical, swimmers shall be seeded by their 1500 meters/1650 yards times. The manner of seeding swimmers without times shall be at the discretion of the event director, as stated in the event entry sheet.

303.5.2 When wave starts are used in straightaway swims, the swimmers shall be seeded in order of time, with the fastest swimmers receiving the preferred positions in seeded order. If subsequent rows are needed, they shall be seeded in a similar method.

303.5.3 Events for different age groups and genders may be combined to allow the swimmers to compete at the same time.

303.6 Finishes

303.6.1 Types

A In-Water—The swimmer shall have finished the swim when any part of the swimmer touches a vertical surface or crosses the finish line after completion of the prescribed distance. If visual judging is used, order of finish shall be determined as the swimmer touches the vertical surface or crosses the finish line. If electronic chip timing is used, order of finish shall be determined when the timing chip is registered by the electronic timing system or when the independent backup timing system is activated.
303.7 **Swimwear for Open Water Events**

C The Independent Safety Monitor shall have the authority to revoke the sanction on the day of the swim if adequate safety precautions are not in place, and shall notify all participants of the revocation before the beginning of the swim if the event organizer proceeds with the swim.

303.9 Disqualifications

A disqualification can be made only by the referee, the starter or a judge within whose jurisdiction the infraction has been committed. Swimmers shall be disqualified if they:
303.9.1 Or their personal escort intentionally delay the progress of another swimmer. Accidental contact, especially at the start, shall not be considered a disqualification. However, the flagrant disregard of another swimmer’s rights shall result in disqualification.
