LONG COURSE NATIONALS IN PORTLAND - There are a couple of corrections to the meet results that were printed that also change the Top Ten. The final results and Top Ten are incorrect for the Men's 40-44 200 M Back. The winner at the Nationals was David Hershey in 2:32.96 and the time credited to Lance Larson of 2:23.66 really belonged to Stan Carper in the 25-29 age group. The Men's 50M Free 80-84 age group, corrected should be: 1) Clarence Ross (41.50), 2) Thomas Cureton (42.24). Men's 75-79 200 M Free at LC Nationals should be 1) Arthur Rule (3:06.58), 2) Arthur Hargrave (3:15.63), 3) Harry Jagers (4:19.29), 4) Bill Trask (4:54.13) and 5) Louis Belmour (5:34.63).....

MARCH - APRIL 1983

MAJOR ERRORS IN LONG COURSE TOP TEN FOR 1982 - These errors occurred because the results sent out for the LC Nationals were incorrect. The results were typed from uncorrected meet results instead of the corrected copy from which the medals were awarded. After the errors were discovered, the swimmers had to be contacted to find their fastest time in 1982 OR else 300 meet results would have to be checked. After putting the results from the National Championships in the computer, the computer kept only the swimmer's fastest time! Because of the time involved in correcting ALL wrong times, only the 1st place times were corrected for the records. This points out that our TOP TEN TIMES can only be as good as the results reported are correct. IF YOU FIND ERRORS OF MAJOY IMPORTANCE IN MEET RESULTS PLEASE REPORT THEM TO THE MEET DIRECTOR AS QUICKLY AS POSSIBLE. - Enid Uhrich.....
