**U.S. MASTERS  
SWIMMING**

The U.S. Masters Swimming Coach of the Year Award is designed to recognize our most valuable resource in Club development and overall USMS participation. The sacrifice that many coaches make behind the scenes often go unnoticed by the majority of swimmers in their clubs. And while it may take a great deal of time and effort to sustain pool time, club membership, meet preparations and coaching on deck, there are some coaches that go even beyond what their team requires. These coaches have an impact on the coaches and swimmers around them in their area and also on a National level. These coaches are involved in all aspects of what USMS has to offer and they give of themselves to see that their love of swimming reaches the widest audience possible. While the USMS Coaches Committee would love to recognize every coach involved in USMS, we are committed to find the best of the best each given year.

This person represents “the coach’s Coach,” so to speak: an example of someone out there possessing certain qualities the rest of us can use as an example to follow. This person is not only a coach who has succeeded in the pool, but is also someone who has helped expand the reach of U.S. Masters Swimming. All nominees **MUST** be a USMS member.

Is this YOUR COACH? We would like to know.
