Coverage Summary

The US Masters Swimming Participant Accident insurance program provides Accident Medical, Accidental Death & Dismemberment (AD&D) and Temporary Total Disability benefits to members who are injured while participating in US Masters Swimming sanctioned or approved events.

Coverage does not include loss from disease or illness, pre-existing conditions or from competing in non-sanctioned events. If an accidental bodily injury results in an Insured Person requiring medical care and treatment within 90 days of the accident, the policy will pay the reasonable and customary medical charges of medically necessary medical services up to the benefit amount.

Medical expenses must be incurred within 365 days of the date of accident. First medical treatment for an accident must be incurred within ninety (90) days after the accident. The Accident Medical coverage is secondary/excess to any other available health insurance, meaning all bills must first be submitted to your personal health insurance provider to determine if any amounts are payable under this plan.
