

Custom Questions

You can add your own questions that will appear on the swimmer's registration form. For example, you might want to ask your swimmers whether they prefer to receive your newsletter by email or by snail mail.

Any existing questions that have already been selected are displayed. Only the first question displayed is "expanded" to show details. To expand any other question, click the plus sign (+) next to that question.

Question:	[Please select a question...]
Explanation of Answers:	[Please select a question...] I am interested in volunteer opportunities with my LMSC. I am interested in volunteer opportunities with my LMSC. The specific skills I can provide are: I am the representative for my Workout Group.
Answer Type:	I prefer not to receive the LMSC newsletter at all (either electronically or by paper)
Display to Member?	I prefer to receive the LMSC newsletter electronically instead of a mailed paper version. I swim mostly in (Pools, Ocean, Workouts, Alone): Island? (Kauai, Oahu, Maui, Hawaii, Mainland) Pool/Facility where you swim: Select 'Yes' if you do NOT have access to a computer or email. To swim at Chatfield you must read and agree to the waiver. What is your primary reason for joining USMS? What service/benefit would you like most from our LMSC? Which workout group do you swim with?

Here are the standard questions. We are choosing the last one (highlighted in blue).

Submit & Add Question

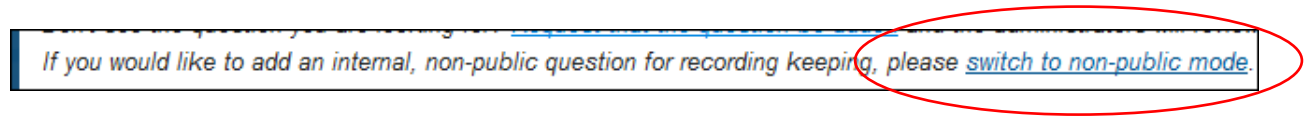

Here is the question we selected. Click "Submit & Add Question" to add it to your members' online registration pages

If there is a question you would like your members to see that is not in the list of standard questions, you may request that the National Office add it to the list. Click the link:

The registrar may enter additional questions that only he can see. These can be used for internal record-keeping. For example, the registrar may track how many consecutive years a swimmer has been a member, or whether the swimmer bounced a check, etc.

To enter an internal question, click this link:

You can then set up your non-public question:

Add LMSC Question - USMS Registration

Don't see the question you are looking for? [Request that the question be added](#)

If you would like to add an internal, non-public question for recording keeping, please [switch to non-public mode](#).

Type in your non-public question here. Remember, only you, the registrar, will see this question in your members' records. Then choose the type of answer you plan to provide for this question.

The question has been added and will now appear in your members' records when you view them.

Because this one is set up as an "internal" question, the registrar has to enter the answers in the member's record. Let's pretend that the registrar did so for his members. Here is what is shown in one member's record:

Here is what it looks like in one member's record; the registrar manually entered the answer.
