

Summer 2009

Greetings

I am pleased to announce that the staff has successfully moved into our new headquarters in Sarasota. Many thanks to Tom Boak for helping us with the renovation project and maximizing our space within budget!

Congratulations to Julie Heather, 2009 Ransom J Arthur Award Winner! Julie was presented with our most prestigious award at SC Nationals in Clovis, California. The official presentation will be made in September at the USMS Convention in Chicago.

Speaking of Convention... Everyone who attended last year's convention, LMSC Chairmen and/or USMS committee members, should have received a convention registration packet (CRP) and most up-to-date schedule (e-mailed out in April). If you are planning on attending and did not receive this, please let me know and I will get it right out to you or you can download from the www.usms.org website at www.usms.org/admin/conv/

If your LMSC has not sent the names of your delegates to USMS Secretary Meg Smath (secretary at usms dot org), please do ASAP.

All people (voting and non-voting) must register for the Convention. Registration forms (included in the above mentioned CRP) are to be sent to USAS Delegate Registration, 16700 Indigo Rd, Lakeville, MN 55044-5613. Fee for registration postmarked by August 24 is \$150, on or after August 25 is \$175. So... if you haven't sent yours in yet, you best do so soon! The USAS website can be found at www.usaquaticsports.org

The cut off date for the Hyatt is Sunday August 30 or when they reach capacity for room reservations at the convention rate. Again, if you have not made your reservation, get going! Hotel reservation form is in the CRP.

If you are in need of a roommate, I will be providing my matchmaker services again this year. Send me an e-mail or call me with specifics and I will do my best to be sure everyone looking for a roommate is matched up!

U.S. Masters Swimming is really making an attempt to "go green". Once the Convention packet is completed (Announcements, Schedule, and Reports from the members of the Executive Committee, Board of Directors, National Office Staff, Special Assignments, Committee Reports and Agendas, Elections, Proposed Budget, Rules and Open Water/Long Distance Proposals and Emergency Legislation Proposals), an e-mail with a link to the packet on the www.usms.org website will be sent to all who will be attending. At

that time, if you prefer a hard copy be sent, please contact me and I will have one printed/mailed to you. We are suggesting that those who bring their laptops to convention please download the file to your computer and refer to this electronic copy

The mailing of the packet is scheduled for late August/early September. Once you receive this information, it is your responsibility read this completely before you arrive at convention so you are prepared.

Over 1,140 swimmers will be competing at our Long Course National Championships in Indianapolis, IN. The taper has started, I can't wait! Good luck to all of you going and see you there!

Tracy

What's new at U.S. Masters Swimming Headquarters

New Staff

Editor in Chief - Laura Hamel is our new Editor-in-Chief. In this role, Laura will serve as our content and business manager for Swimmer magazine, USMS.org and our e-newsletters. Laura has a Bachelor of Arts degree from Eckerd College and has owned her own marketing and organizational consulting business for the last five years, directing a variety of clients with their marketing, public relations, human resources, and business development. Laura is an active member of the Sarasota YMCA Sharks Masters team (SYSM), and she operates and produces the SYSM website. Laura was also instrumental in developing the Sarasota headquarters proposal, pulling together both Masters and community leaders to support the recruitment. Laura is mom to 13-year old Dirk, who is a swimmer with the Sharks age group team.

Account Executive - Kyle Deery, will be joining the USMS staff in August as an Account Executive. Kyle recently graduated from the University of Florida with a degree in Advertising. He was a four year collegiate swimmer for the Gators as well as 2008 Olympic Trial qualifier. Kyle's primary responsibility will be sponsorship sales and sponsor services including managing sponsors who attend our events. He will also help with implementing a variety of membership services such as the video library rental program.

Staff Updates

Ashley Gangloff has been accepted into the Ph.D. program at Auburn University and will be starting her program this August.

She will be staying on board in a project contractor capacity, leading both our member and coaches e- newsletters, taking on the task of the architecture redesign for usms.org, as well as other projects.

Deadline is September 1st.

All submissions become the property of U.S. Masters Swimming. Send finished designs to Susan Ehringer, 4210 N. Church Way #2, Louisville, KY 40207 or email susanehr@usms.org.

History & Archives Searching for Results and Records History

Over the past year, H&A located and scanned and submitted 35 AAU Masters and USMS pool National Championship results (1970 – 1993) which are now posted on the USMS web site. The posted results for the 1989 LCM National Championships (Grand Forks, ND) contain individual results for only 10 places. Anyone who has a complete set of 1989 LCM Nationals with all places is requested to contact Archives at [USMS dot org](mailto:USMS@usms.org).

H&A is searching for the following missing Open Water and Long Distance National Championship results and for missing date and location information. Please email the H&A Chair at Archives at [USMS dot org](mailto:USMS@usms.org) with any information regarding the following National Championship results:

Rules Corner

Questions & Clarifications

Pool Measurement at Dual Sanctioned Meets:

Question: If a Masters swimmer breaks a USMS national record at a USA Swimming meet that is dual sanctioned (i.e., the meet also has a USMS sanction), are we required to call in a licensed surveyor to measure the lane in which the time was achieved?

Answer: No. Any person can measure the pool. If the pool is a permanent structure and if a pool length certification is already on file with USMS or USA Swimming for that pool, and if there have been no structural changes to the pool since that certification was filed; then the pool does not have to be measured again. If the pool has a moveable bulkhead and a pool length certification is already on file for all lanes of that pool, then only the measurement of the two outside lanes and a middle lane must be confirmed after each session of the meet. A licensed surveyor is not required to measure the pool.

Responsibility for Record Documentation:

Question: Isn't the swimmer responsible for securing record documentation at meets and reporting or sending them to the LMSC recorder?

Answer: No, for USMS-sanctioned meets (designated officials at the meet are responsible for completing and submitting all record documentation to the LMSC records and tabulation chair [105.3.8]); yes, for USMS-recognized meets including USA-S meets that do not have a dual sanction (it is the swimmer's responsibility [202.2, last sentence]).

Changing the Program of Events:

Question: A relay event was added to a recognized meet we attended. They can't do that, can they?

Answer: Yes, they can for a USMS-recognized meet but not for a USMS-sanctioned meet. The relevant rules for recognized meets are listed in 202.2.1E. The order of events for a USMS-sanctioned meet cannot be changed (102.13.1). Article 102.13.1 is not a relevant rule for USMS-recognized meets.

Exhibition Swims

Question: Are times from exhibition swims allowed to be published in meet results? I know they cannot be considered for Top 10 or records. For example, if a relay team has 3 men and 1 woman or a person hops up in an empty lane and swims an event he did not en-

ter or a meet director adds a 300 free at the meet for the triathletes, can the times for these swims be published in the official results?

Answer: A nonconforming event, such as a 300 free, 25-yard races, pink flamingo relay, etc., that has been published in the meet entry information could be published in the meet results (202.1F[3], page 52). Events cannot be added at the meet by the meet director or referee or anyone else. Only events listed in the published meet information can be conducted at the meet and published in the meet results (102.13.1). However "exhibition swims" that you defined as a relay team that has 3 men and 1 woman or a person who hops up in an empty lane and swims an event he did not enter, are actually disqualifications and should be noted in the results as DQs (101.7.3F, 102.15.12, and 102.15.4 respectively).

Automatic Splits:

Question: Split times at meets are automatically added to meet results now as official times, aren't they?

Answer: No. That has only occurred at USMS national championship meets where the following four criteria are met: 1. the technology and operator are available to process splits automatically so that the Top 10 person or meet personnel do not have to process all splits by hand, 2. the meet host agrees to offer automatic splits, 3. the officials agree to watch all relays for a second swimmer starting in the water, and 4. a single written request for all splits for all swimmers, except individual backstroke and DQs, is submitted. Automatic splits are not always offered at USMS national championship meets.

Swimwear Interpretation:

Question: I understand FINA just passed new swimsuit rules. How does that impact USMS?

Answer: The current USMS swimwear interpretation, dated June 1, 2009, is still in effect. FINA rule changes normally go into effect two months after a decision is made. However, the current FINA-approved swimsuit list is valid through December 31, 2009. Masters swimmers should, however, stay tuned for updated information from the USMS Rules Committee about swimsuits. If any changes are made to the USMS swimwear interpretation or rule, all USMS members will be notified immediately.

Can't find that rule?

Where is that rule that makes an exception for numbering the lanes from right to left (as the swimmers face the course) for events starting at the turn end of a 50-meter pool? Try 102.10.3A, "Seeding of Events in a 50-Meter Course", on page 9. The actual lane numbering rule is 107.4.3 (Facilities Standards) on page 41.
