

Winter 2009

Greetings from the National Office...

The U.S. Masters Swimming staff has been working on providing more benefits for our members. I hope you all have been enjoying the “Features” that Ashley has been sending out to the LMSCs and posting on the USMS.org website. We are always looking for stories and personalities to feature on www.usms.org. If you or someone you know would like to see their story featured on the U.S. Masters Swimming homepage contact Ashley at agangloff@usms.org.

In early January, the first issue of “Behind the Blocks” was sent via e-mail to each of our members. This newsletter will be sent out at the beginning of each month with the goal of providing our members with more fitness, training, nutrition, and racing information.

“News From the Deck” is a monthly newsletter that is sent out monthly to our coaches. The goal is to assist coaches in building, growing, and improving their Masters program. This newsletter features U.S. Masters Swimming news and business (content provided by Masters coaches) and other useful information provided by various partners and supporters of U.S. Masters Swimming.

U.S. Masters Swimming has built you a place of your own on the www.usms.org website called “My USMS”. When you set up your MY USMS account you will be able to create your own blog, access members-only workouts on our discussion forums and share photo albums with your swimming friends. Click on this link to set up your MY USMS account today! www.usms.org/myusms/ MY USMS accounts are free for all U.S. Masters Swimming members.

More members-only services are coming soon, including access to a complete online version of each *USMS Swimmer* Magazine, the ability to maintain your personal fitness log online and even more opportunities to share with other Masters swimmers from across the country.

These are very exciting times at USMS and I’m thrilled to be a member of this great organization!

*Swimmingly Yours,
Tracy*

Health Network - Professionals wanted!

The Sports Medicine and Science Committee serves to educate USMS members and the public on topics of sports medicine and science. The committee maintains a Health Network of professionals willing to serve as resources to Masters swimmers. Members of the Health Network respond to questions sent to the Healthy Swimmer section of *USMS Swimmer* magazine.

We would like to continue to expand the network. If you or someone you know is a medical or science professional and would like to join the network please contact Sports Medicine and Science Committee Chair Jane Moore at SportsMedicine at usms dot org for further information.

USMS PLANNERS

The 2009 USMS Planners are now available at the USMS National Office. The Planner is an invaluable resource for keeping track of your swimming activities and progress, as well as a calendar for recording workouts and schedules. Valuable coupons from our sponsors, found in the back of this Planner will save you money on your swimming necessities.

The Planner is free, you just have to send a self addressed stamped (\$.59) envelope and upon receipt, a Planner will be sent right out to you.

Are you a coach? Are you hosting a meet? Order in quantity and give them out to all your members/participants. Contact the National Office for postage fees.

2009 Short Course Nationals

The 2009 USMS Short Course National Championships will be held May 7-10 at the Clovis North High School Aquatics Complex. Meet information is included in the Jan/Feb issue of Swimmer and is also posted on the [USMS.org](http://www.usms.org) website at www.usms.org/comp/scnats09/

On line registration is now available and swimmers are encouraged to enter online to help reduce entry errors. Online entries will be accepted until midnight PST on April 2. Mailed entries must be postmarked by March 26 or received by April 2.

Questions & Clarifications

Measurement of a Bulkhead Pool:

Question: When I measure a pool with a bulkhead, I only have to measure the two outside lanes and a center lane, correct?

Answer: Not if that course is being measured for the first time. If you are measuring a course with a bulkhead for the first time (meaning no pool length certification is on file with either USMS or USA Swimming for all lanes for that course), you must measure all lanes (105.1.7A & C, pages 37- 38). If there is a pool length certification already on file with USMS or USA-S and there have been no structural changes to that course, then the measurement of the two outside lanes and one center lane must be confirmed (105.1.7C, page 38). The actual length of those lanes must be confirmed rather than just the placement of the bulkhead. I use the term “course” rather than “pool” because a pool could have three types of courses. A number of 50-meter pools can be set up as two 25-yard courses, two 25-meter courses, or one 50-meter course. It’s not uncommon for one or more of the courses within one pool to not be certified for length. Be sure to check that a pool length certification is on file for the course you are planning to use, and, if not, measure all lanes. It is recommended that you measure the course prior to the start of a meet (to avoid the disaster of unofficial times due to a short pool) but required to confirm that measurement at the end of each session (105.1.7C, page 38).

Scoring at Nationals:

Question: I heard that scoring will be different at nationals this year. How will it be done?

Answer: Scoring will be done in two categories; Regional Clubs and Local Clubs. A Regional Club is made up of swimmers who compete for that club at nationals but at meets in the LMSC they compete for a different entity or subgroup such as a workout group. Local clubs are made up of swimmers who compete for that club at both nationals and meets in the LMSC (and therefore do not qualify as Regional Clubs). The USMS Championship Committee will publish a list of Regional Clubs by February 15. If a club objects to its designation, it can file an appeal with the chair of the Championship Committee at least 45 days prior to nationals. (104.5.6B, page 34)

Request for a Time Trial:

Question: If I miss the first day of a two-day meet, can I ask during the meet for a time trial at the end of the meet to swim an event that I missed the day before?

Answer: No. The order of events as stated in the meet announcement cannot be changed. The announced arrangement of heats in any event cannot be added to or altered, except by the authority of the referee only to the extent of consolidating heats. (102.13.1, page 12)
