

Level 4 Application Instructions

Dear Applicant,

Congratulations on your decision to further your professional credentials by applying for Level 4 Certification!

The requirements for certification as a Level 4 coach are based on the areas of coaching that reflect the values of U.S. Masters Swimming. They are:

1. Contribution
2. Achievement
3. Growth & Retention
4. Leadership
5. Education
6. Extra Credit

For each category:

- there is a maximum number of points allowable toward total points
- there is a minimum number of points you must achieve in that category
- you must achieve points in at least two areas in each category

For each line item within a category:

- the **Maximum** column shows the maximum number of points in that area that the Coach is allowed to apply toward that category's total

Mandatory Pre-requisites for Level 4 Certification:

1. Must be a USMS Level 3 Certified Coach
2. Must have at least 5 years of Masters coaching experience
3. Must hold current American Red Cross certification for either:
 - a. **CPR-AED AND Safety Training for Swim Coaches/First Aid**
 - i. As of 2014 STSC now includes **First Aid**, which is also a Level 4 pre-requisite. If your STSC occurred before 2014, be sure and also submit your First Aid certification.
 - ii. Please note that STSC is a 2-part course – an online academic portion and an in-water skills portion. You must complete both! Connect up with an STSC instructor **before** signing up for any online portion as you may encounter a situation where you are charged twice for the course.
 - b. **Lifeguarding** (now required by many aquatic facilities)
4. Must earn a minimum of 650 total points on the Level 4 application
5. Regional (outside just your team and LMSC) and/or National contributions are required. This could be met by contributions in several categories. However, failure to meet this requirement, regardless of points achieved, will result in a deferred application.
6. Must be a Head Coach or Assistant Coach of your Masters team with significant responsibility in team operations (beyond coaching workouts). If an Assistant Coach, please have your Head Coach write a short letter that outlines the scope of services you provide as

an Assistant Coach with your Masters team. Coaches of workout groups will be considered. Applications will be awarded points based on the swimmers for which the applicant coach is the primary coach. Thus, if you coach 30 swimmers in your workout group, this is the group for which points can be awarded in the first 3 categories.

7. Letters from head coaches are helpful when multiple coaches apply for level 4 from the same club. Please do not take credit for participation of swimmers that rarely swim in your group, especially if they primarily swim with another applicant. Corroboration from team board and/or swimmers is helpful.
8. If you have any questions about any of the above requirements, please contact the coaches committee at coaches@usms.org.

The process to apply is outlined below and in the following pages. It is very important that you read through all instructions and return to those instructions when completing each section of your application, as these will guide you through what you need to submit as proof for the various categories and sub-categories.

Each application will be required to submit their completed package in a single PDF document (not a ZIP file). Included in that package should be the application scoring sheet where you fill in the score you believe that you have achieved. Proof of fulfillment in the various categories (outlined on the following pages) should then appear in the PDF document in the order of the application categories: Contributions, Achievement, Growth & Retention, Leadership, Education and Extra Credit. Submissions should be reflective of the professionalism expected of a level 4 coach, and should be able to stand up to public scrutiny. Supporting documentation should be relevant, clearly labeled as to which category and/or line-item it is supporting, and be purged of extraneous information that does not contain supporting documentation. The application should seek to impress the committee in content, clarity and professionalism

The committee will use its discretion in determining how much credit is counted for each item based on documentation provided – any place where the committee feels insufficient documentation is presented, scoring will be adjusted accordingly. The points system is simply a starting point for the committee's deliberation. If the committee determines that the applicant has scored sufficient points in each of the categories and in total, then the committee will use its combined wisdom, experience and knowledge to assess the applicant's body of work to determine whether it reflects that of an elite coach. This part is not about the mechanical scoring of points but, rather, persuasive demonstration/documentation of that which puts the applicant on a substantially different, more involved level than others who have attained Level 3. We are looking for Level 4 candidates to clearly exhibit professionalism, to clearly exhibit excellence in the field of coaching adult swimmers and to clearly exhibit contributions to Masters swimming as a whole.

Applications are submitted via email to coaches@usms.org within the given submission dates. Incomplete, unethical, early and late applications will not be considered. Applicants failing to meet the pre-requisites will not be considered. Those not fulfilling these pre-requisites must wait until the next application submission dates and reapply.

If you need a PDF creation tool try one of these listed below. Many of these programs also allow you to reduce the size of the file so that it can be emailed. If candidates have a file too big to email, they can use Dropbox or another cloud storage solution. Simply email that cloud storage link to coaches@usms.org.

- Google Docs includes a "Download as PDF" tool for any document (even pictures).

Completed applications will be reviewed by a panel of coaches and measured against the standards set forth in the following pages. Your submission should be professional in appearance and assembled into a single PDF document that can be compressed in order to submit it by email. There are several free computer programs and websites online that enable you to easily put together a single PDF from your documentation and compress it.

Applicants will be notified of their status within a few weeks after the submission deadline closes.

If an application is deferred, the resubmitted application will be judged based on the new application date, and therefore the information submitted should be updated to ensure all dates fall within the timeframe allowed. This includes ensuring the required certifications are still current.

Thank you for all you do for our sport! USMS

Instructions for Leadership Category

1. **Service as a volunteer on either a USMS National Committee/Task Force or service as an LMSC officer during the past 5 years.** Documentation of your position and dates of service are required. Team liaison to the LMSC board is not considered an officer position for the purposes of this application.
2. **Served as a coach at Regional/National Swim Clinic or Swim Camp during the past 5 years.** Regional is defined as more than just your own LMSC. To claim points for a regional clinic, it needs to be significant contribution (not one local in a series of clinics). Please submit dates and locations as well as a brief description of duties. Include a flyer or web announcement.
3. **Teaching Coaching CEUs during the past 5 years.** Teaching the USMS Coach Certification Courses Levels 1, 2 or 3 or teaching of USMS Coaches Continuing Education Courses. List dates, locations and attach web advertisement or announcement flyer on the course. Teaching ALTS, while a USMS program, does not count for points in this category. Points for ALTS certification and instruction may be considered in the extra credit category.
4. **Masters Coach Mentor within the last 5 years.** Please provide the name(s) of any coaches you have mentored. Please have them send a dated statement or letter of support describing how you have helped them develop as a coach directly to the application email. They should include your name and date at the top. These coaches should be coaches from team(s) other than your own. Coaches under your supervision or USA/USAT coaches connected with your club will not be considered.

Instructions for Extra Credit Category

This section is to allow for additional achievements that may not fit in any of the previous categories in the application. This includes additional education, contributions, etc., for consideration. Show us what you've done and tell us what impact it has had on you and the Masters swimming community. As with all other categories, you should elaborate and provide documentation that sells the worthiness for what you want credit. Corroboration of what you have done or in what you have participated will be required. This category cannot compensate for a shortfall in any given category. Applicants must achieve the minimum point total in every category.

EXTRA CREDIT		MAXIMUM
<p>1. This section is where other creditable achievements (such as non swimming specific education, contributions, etc.) that may not “fit” in any of the previous categories can be considered.</p>		100
<p>Such as...publishing a book on swimming, producing and marketing a swimming video (or YouTube channel), inventing and bringing to market a swim training tool, taking formal coaching related college courses, producing a weekly swimming podcast, or coming up with some new and novel way to expand or improve the adult swimming universe. Show us what you've done and tell us what impact it has had on you and/or the Masters community.</p>	<p><i>Use the next page to talk about the other ways you have contributed to our adult swimming community. Present documentation to support these achievements and / or contributions.</i></p>	
Maximum allowable points for the Extra Credit category:		100
MAXIMUM GRAND TOTAL OF POINTS		1250
<p>Your points tallied from above <i>Note: You must achieve a minimum of 650 total points for Level 4 status.</i></p>
