Dates: Your 2021 USMS 1-Hour Swim must be done in its entirety between January 1 and March 31, 2021, inclusive. Swim the event first, then register for the 2021 USMS 1-Hour ePostal National Championships. The official PDF split sheet is available at the prompt below.

Objective: To determine how far you can swim in one hour. Send your result electronically and compare yourself to other swimmers across the nation. Some people do the One-Hour Swim for competition and others do it for fitness, while everyone does it for fun! All are welcome to swim.

Location: Swimmers complete the one hour swim in **any pool 25 yards or longer**. As long as the pool is long enough, you may use a metric-measured pool. Submit your splits and final distance based on the length of the pool in which you swim.

Revised Deadlines: No exceptions. Don't even ask.

Fees: \$10.00 for each individual USMS entry (\$15.00 for foreign swimmers). \$16.00 for each relay entry (\$25.00 for foreign relays). Fees are non-refundable. Entries must be paid online by credit card (Visa, MasterCard, Discover) to "ClubAssistant.com Events".

CONDUCT OF THE EVENT

Rules & Swimwear:

- 2021 USMS Rules 305-307 govern this event.
- 2021 USMS Swimwear Rule 102.12.1 applies. Appropriate swimwear is the same as required for USMS pool meets. Drafting, flotation, and propulsive devices (pull buoys, fins, paddles, snorkels, wet suits, etc.) are not permitted.
- No more than two swimmers may share a lane. If a lane is shared, each swimmer must stay on one side of the lane during the entire swim (i.e. no circle swimming, to avoid drafting).
- A stopwatch or electronic timing system shall be used to time the event. Cumulative split times must be recorded to the nearest second on the official event split sheet which must be kept for each swimmer. [CLICK HERE for PDF Split Sheet](#).
- Each swimmer must have a verifier (counter) to count laps and record cumulative splits for every two pool lengths. One person may count for no more than two swimmers at one time. An adult acting as a starter/head timer/referee (and who may also be a counter) shall be present at all times during the swim.
- Final distances are rounded down to the nearest completed five-yard increment (i.e., round 2764 yards to 2760 yards).
- Online entries will be converted automatically from meters to yards as needed. If you swim in a metric-measured pool, the final distance will be converted to yards automatically upon entry by dividing the distance in meters by 1.0936 then rounding down to the nearest five-yard increment and integrating it with the yard performances.
- Your distance (total yards swum) will determine your order of finish. If two or more swimmers or relays report the same distance, it's a tie.
- No elevation adjustment shall be made.

Individual Events: Men and women compete separately in age groups of five-year increments: 18-24, 25-29, 30-34,...as high as necessary. Each swimmer can swim in only one age group in this event.

Relay Events: Relay events will be contested in three categories: 3 men, 3 women, or 4 mixed (2 men & 2 women). Each relay member **MUST** also have entered the individual event and be registered with the same USMS Club (Unattached swimmers—by definition—are not permitted on relays). Participants may be entered in only one same-gender and one mixed-gender relay event. Age groups are 18+, 25+, 35+,...as high as necessary. The youngest relay member's age shall determine the relay's age group. The cumulative distance of the individual swims will be the relay distance.

Club Event: Each Club will be entered in the Club event. At least three divisions will be recognized

based on the number of individual entries from each club (to be determined by the event host and the USMS Long Distance Committee Chair). Relay yards will not be included in club scoring.

Results: Complete results will be posted on the USMS website at www.usms.org.

- Preliminary individual results will be posted for review for one week by **April 10, 2021**. All corrections must be sent to the event director during that week. Participants will be notified by email.
- Preliminary relay results will be posted for review for one week by **April 17, 2021**. All corrections must be sent to the event director during that week. Participants will be notified by email.
- Final individual, relay, and club results will be posted by **April 29, 2021**. Enjoy!

Unsporting Conduct: Each entrant shall be responsible for the validity of the split times and final distance entered. Any act of fraud, deception or dishonesty in connection with this event or knowingly providing false information including name, date of birth, age, or gender on the event entry form may result in disciplinary action by USMS pursuant to USMS Rule 402.3, 402.4.3 and 402.4.4
