Sanctioned By the Kentucky LMSC for USMS Inc, Sanction number 411-S001 Hosted by Swim Kentucky Masters

You MUST be a currently registered member of USMS or a FINA member national governing body on or before the day of your swim.

Swim the event with someone recording your split times on the [official split sheet](#), then enter the 2021 USMS 5K/10K ePostal Nationals by submitting your results here.

When entering, have your split sheet handy—you will need to enter select splits to complete your entry.

2021 Swim Window: Your 5K and/or 10K ePostals swims must be completed between May 15 and September 15, 2021.

2021 Entry Deadlines—ONLINE ONLY:

All individual entries must be submitted by 11:59 p.m. HAT, September 22, 2021.

All relay entries must be submitted by 11:59 p.m. HAT, October 1, 2021.

Individuals or relay teams applying for a [USMS record](#) must submit their completed split sheets by September 29. Scan and email to event director at: 2021Epostal@gmail.com or mail to 2021 5K/10K ePostal National Championships, Attn.: Bill Tingley, 1600 Gardiner Lane #219, Louisville, Kentucky 40205-2715.

Your online entry is not complete until you have received a confirmation of your entry by email. If you do not receive this confirmation following your entry, please contact the event director at 2021Epostal@gmail.com

Event Information: Complete a timed swim of 5 kilometers and/or 10 kilometers in a 50-meter pool of your choice, then submit your times online. Some people swim for competition—to compare themselves to other swimmers doing the same event—some for the challenge, some for fitness, and others do it for fun. All who wish to participate are welcome. Your submitted time determines the final order of finish.

Please note: The 5K and 10K swims are separate events and you need to swim each event separately to enter both. Split times from the 10K may not be used for entry into the 5K.

Location: All swims must be completed in a 50-meter pool ONLY—no other length of pool will be acceptable.

Eligibility: All swimmers must be full members of USMS for 2021 (or the equivalent FINA organization for foreign swimmers) on or before the day of their swim. One-event USMS memberships are not available for this event. USMS swimmers will have their membership verified automatically. Foreign swimmers must verify their FINA organization membership by submitting an electronic or mailed copy of their FINA organization 2021 registration card to the event director by September 16, 2021. Foreign swimmers are not eligible for USMS records or All-American status.

Fees: \$15 for each individual swimmer (\$20 for foreign swimmers) and \$25 for each relay (\$30 for foreign swimmers). Fees are nonrefundable.

Entries Must Be Paid by Credit Card: Visa, MasterCard, or Discover. Your credit card will reflect a charge from "ClubAssistant.com Events," our software and merchant account provider. Each entrant must sign and submit her/his own entry with original signature (i.e., no club can send in a large group entry without the individual entry form including the entrant's signature on the waiver page). This is per USMS legal counsel.

Rules: 2021 USMS rules govern these events, including USMS article 102.12.1 regarding swimwear.

Drafting, flotation, and propulsive devices (pull buoys, fins, paddles, snorkels, wetsuits, etc.) are not permitted.

No more than two swimmers should share a lane. If a lane is shared, each swimmer must stay on his or her side of the lane during the entire swim (i.e., no circle swimming).

Timing and Splits:

An adult acting as a starter/head timer/referee shall be present at all times during the swim, having no additional responsibilities during the swim other than acting as a timer if necessary. Each swimmer must have a timer who shall time and count lengths by recording cumulative split times every two lengths during the swim. One person may serve as a timer for no more than two swimmers at the same time. Timing may be done with a stopwatch or electronic timing device.

Cumulative split times must be recorded to the nearest second on the official event split sheet. When a final time has been submitted to the nearest second, .99 second shall be added to the time submitted. When a final time has been submitted to the nearest tenth of a second, .09 second shall be added to the time submitted. No adjustment will be made for swims completed at elevation. **Save your split sheet!**

Unsporting Conduct: Any act of fraud, deception, dishonesty, or knowingly providing false information (including name, date of birth, age, or gender) in this event may result in disciplinary action by USMS pursuant to USMS articles 402.3, 402.4.3, and 402.4.4.

Individual Events: Men and women compete separately in age groups of five-year increments: 18-24, 25-29, 30-34, and as far as necessary. The swimmer's age as of December 31, 2021, will determine the age group. (Reference: USMS article 301.4: "In open water and postal swims, the eligibility of a swimmer shall be determined by the age of the swimmer on December 31 of the year of competition, except for 18-year-olds, who must be 18 on the day that they swim.") That means that each swimmer can only submit an entry in one age group for the 2021 USMS 5K/10K ePostal National Championships.

Individual Entries: When submitting your results online, you will be asked to enter 500-meter splits for the 5K swim and 1000-meter splits for the 10K swim. Swimmers are not required to submit a completed split sheet unless they have broken an individual national record. However, the event director may request your entry sheet for verification; failure to do so may result in individual and relay disqualification, so please retain a copy of your completed split sheet for one year after the entry deadline. Note the 2021 ePostal entry deadlines above.

Relay Events: Cumulative relays will be contested in three categories: Women (3 female swimmers), Men (3 male swimmers), and Mixed (2 female and 2 male swimmers). Each relay member MUST have entered the individual event and be registered with the same USMS club. ("Unattached" (UC##) swimmers are not permitted on relays by definition.) The cumulative time of the individual swims will be the relay time. Swimmers may enter only one same-gender and one mixed-gender relay in each ePostal event. Age groups are 18+, 25+, 35+ ... as far as necessary; the youngest swimmer's age will determine the relay's age group.

Relay Entries: All individual entries will be displayed by USMS club and will include the entrant's time for the club relay coordinator's reference. You will only be able to view a listing of YOUR USMS club's entries. Note the 2021 ePostal entry deadlines above.

The 5K split from the 10K swim may be submitted for a record if requested in writing and at least two dedicated handheld watches or an electronic timing device are used to record the record split to the nearest 1/100th of a second. However, this result cannot be used as entry for the 5K swim (see above).

Records will be updated on the [USMS Long Distance Records webpage](#).

Awards: The top six finishers in each age group in the individual event, and the top three relay teams in each relay age group, will receive USMS Long Distance National Championship medals. First place finishers in each individual and relay age group who are also USMS members will also receive a USMS Long Distance National Championship patch—only one patch per event per participant will be awarded. We will list the top teams in club scoring for Women's, Men's and Combined categories without awards.
