### PROFILE OF A NATIONAL MASTERS CHAMPION

By Joyce Louise Bloom

AAU Masters Swimming can be proud of many lovely people. One of the loveliest is its 1973 100 yard butterfly and 200 yard individual medley National Record holder. She is Jane Katz, a special beauty. It is appropriate to take a look at one of our champions.

We infrequently meet someone who is so expert in athletics. It is even more rare to see the qualities of intelligence and personal dynamism combined in one person. It is this well-roundedness which is remarkable.

Jane takes swimming seriously. Her interest in personal fitness takes her to the pool every day where the workout sessions she sets for herself consist of synchronized swimming as well as stroke practice. She is noted for her amateur national and international Synchronized Swimming Exhibitions. She has graced the pools of England, Wales. France, Greece, Japan and Israel. In Israel she set a record for the 100 meter butterfly at the 1961 Maccabiah Games. Japan saw Jane with the 1964 Olympic Synchronized Swimming Team. At present she is preparing for a swimming performance for the 100th Anniversary Celebration of the Young Men's Hebrew Association in New York City. Naturally she choreographs these types of presentations herself. This synchronized swimming ability explains why the strokes she has at her command in a race are poised as well as powerful. Her aquatic versatility is superb.

The aforementioned 1973 Butterfly and IM records were set during the East Coast Masters Invitationals at Princeton University last May. Jane swam to a fantastic finish in 1:11.5 in the 100 yard butterfly and 2:41.8 in the 200 yard IM.in the Women's 30-34 category. Many other vic tories during the year account for the frequent appearance of her name in the January SWIM-MASTER MAGAZINE 10 Best Times list. She is in the

Top Ten of the year nationally in seven different events! In addition to her two first place victories, she performed excellently in the 50 yard butterfly, 200 yard backstroke and 1650 yard freestyle events. Her achievements in the 50 and 200 yard freestyle events are meritorious.

One of the most genuinely distinguishing characteristics we may note is that Jane is constructive as well as industrious. She takes opportunities to encourage other swimmers to participate in the Masters program and she encourages them to do their best. She's often busy at a Swimming Meet. talking with the swimmers, sharing a point of interest about the sport and enjoying the friendliness of the afternoon. Her thoughts about the value of competitive swimming are evident in an article which appeared in the November-December 1973 issue of the JOURNAL OF PHYSICAL EDUCATION in which she wrote: "Swimming is an activity which aids in the socialization process. It is fun, and at the same time increases one's self-image. In one form or another, all human beings interact socially through some form of game play. Game playing is a very important part of the socialization process."

What may we learn from looking at a superior athlete? I think that motivation, endeavor, discipline and social interactions combine to become part of the expression of the individual. These factors are a joy to observe in a successful individual. Have you noticed Jane Katz? Take a look for her sometime. She's the fast leg of the Gotham Realy Team. And she's quite a woman!

Professor Jane Katz and Mrs. Joyce Bloom are colleagues at Bronx Community College of the City University of New York.

# MASTERS NOTES

Lt. Cease Brown reports from England that: "From the opening ceremony with the Lord Mayor of London presiding to the afternoon tea break, the 1973 Otter Master's Swimming Tournament appeared to be a big success. About 100 participants, twice the size of last year's competition, came from all over England, Scotland and Wales to compete in the meet held in London. Most of the swimmers were ex-Great Britain internationals and/or ex-Olympic competitors, but too many to give mention to all individually. However, two of the most interesting were Jack Hale (45-49) who was the first man to swim using the dolphin kick with butterfly stroke and Commander Gerald Forsberg, Royal Navy (60 & over) who once held the world record for the English Channel swim. Men's competition was quite hot, especially in the 25-29 age group but surprisingly the 50 and over age groups saw a lot of action also. Although the women were in the minority, they made up for their small numbers in the quality of their swims. Lending an international flavor to the meet were four Americans: Sue Tomasovic (25-29) ex-Vesper B.C. swimmer and Capt. D. Duester (25-29) USAF from Iowa. Also helping to spread the master's gospel from the US was A. L. Hausman (45-49) whose home is in New Jersey. Although swimming doesn't hold the popularity in England that it does in the USA, I felt that this was quite an enthusiastic turnout of swimmers, most of whom appeared in remarkably good shape. This was only the second master's meet in two years to be held in England, but there is probably sufficient enthusiasm to keep the program alive, although certainly on a less formal and less organized basis than our own program."

Anne Adams has requested that I place the following notice in Swim-Master: "Concerning the 1974 Sr. Olympics, this will be an unsanctioned meet. I feel we must advise all Masters swimmers of the possibility of facing a suspension from their local AAU if they participate in an unsanctioned meet. The SPA Registration Committee tells me they will have to take action if a protest is filed regarding a Masters swimmer swimming in this meet. Times established in this meet will not qualify for Masters records nor our Ten Best Times list." I would hope that before the date of this meet the

SPA Masters Swimming Committee would reconsider their list of basic rules for this particular meet that has been so popular in the past. Some compromise should be reached so that a sanction can be issued for this meet. In fact, we should all work with any group that wishes to sponsor a Masters Meet! The Annual Senior International Olympics covers just about every athletic activity. The motto of the organization is "Youth Eternal" and is promoted to keep the American adults in a continued interest in keeping fit. These Games were started in 1970.

Anne Adams is still selling patches and decals for \$1.00 each. Send your money, name and adreessed stamped envelope to Anne at 17432 Osborne St., Northridge, CA 91324.

Watch out you 35-39'ers for after just two weeks of training after a 15 year lay off Bert Petersen went 25.7 for the 50 yd fly and 29.5 for the 50 mtr fly; 1:01.5 for the 100 yd fly and 1:12.4 for the 100 mtr fly. (However, these times were in practice not a meet). Bert was the 1st Canadian to ever break a minute in the 100 yd fly in 1955. As Bert says, "Here we go again!"

Tom Crosby, PSA AAU Masters Diving Chairman sent in results of the first AAU Clown Diving Competition ever held in the US for Masters. In the individual Clown Diving event (limited to one diver and one announcer) the winner was Charlie Moss from Chula Vista, CA who did a skit on "Geraldine". In the Team Clown Diving (limited to two to five divers and one announcer) the winning team "The Chula Vista Nuclear Nitwits" with five spastic divers, colorful clown suits and wild music. All divers performed on the three meter springboard. Detailed information has been prepared and will be furnished upon request. Write to Tom at 1628 Melrose Ave., Chula Vista, CA 92011.

Newsletters are pouring in and they are all full of such interesting stuff! It is the most efficient way of letting all of your Master swimmers know what in going on in their own area. If your Association doesn't have one, volunteer to start one today!

Alex Gilbert is the Travel Coordinator for the AAU Masters SC Nationals from CA. So far those expressing an interest in attending are about evenly divided between swimmers who would like to stay for only the Nationals' and those who would like to either take a vacation in Florida or Nassau, Grand Bahamas. Through the cooperation of Eastern Airlines and Travel Advisors, several group packages have been developed that should satisfy both groups.

If you are interested in joining one of the groups please contact Alex immediately at 9866 Mariposa Ave., Fountain Valley, CA 92708 - (714) 968-0311.

Masters Swimmer Carol O'Hara has organized a fantastic combination of vacation and LC Nationals with group fares from Gateway cities to Honolulu departing August 29th. Carol gets you to Santa Clara just in time for the LC Nationals. If you are interested write to Carol, Parsons Travel Agency, Inc., 312 Chestnut Street, Oneonta, NY 13820.

It is nice to see the many Masters Swimmers that come to the Swimming Hall of Fame Pool to work out while they are in the area. The pool is open to the public from 11 am until 4 pm. You will always find someone swimming up and down.

### **Short Course Nationals**

If you have not written for your entry forms please do so right away. The ENTRY DEADLINE is TUESDAY, May 7th - don't be late! A Patron page in the program has been set aside for sports enthusiasts, such as yourself, and for a \$10.00 contribution your name will be added to the list. Make all contributions payable to the Fort Lauderdale Aquatic Club, 5340 NE 17th Ave., Ft. Lauderdale, FL 33308. If all goes well, we plan on running the Men's events at the East end of the pool and the Women's events at the West end of the pool. Omega Timing Equipment will be used on both courses. We hope this will cut the time of the meet down and leave everyone some leisure time. Please do not ask when a certain event will start for no one will know until after all of the entries are in - and that will be at the last minute! So choose your events accordingly.

MEET RESULTS - I wish to take this opportunity to thank all of the people who typed meet results for SWIM-MASTER. I did not have space for all of the results. I would appreciate the original typed sheets as the originals reproduce better than zerox. I cannot use results when they are on both sides of the paper. Also, some columns are too wide as pica type is 10 characters per inch and elite is 11 or 12 and I use elite. So if you use pica, use only 27 spaces instead of 30. Carbon ribbon reproduces best.

Pictured here is Eldin "Al" Onsgard -winner of four medals in the four events entered in the 1973 AAU Masters Nationals held in Santa Monica. Al is the physical fitness instructor and swimming director of the Mid-Valley YMCA in Van Nuys, CA. Also winning medals at the Santa Monica meet were Norm Litwak - Swim Coach of Mid Valley Y - and John McKenzie a member of the Y.

Al will be leaving as a USA Team Member for competition in Australia and New Zealand and is favored to win in Distance Events. "I win for our youth", says Al. "It inspires them and that makes it all worth while. It's not hard to train 2 to 5 miles per day when you have a nice heated pool like we have at Mid-Valley Y," Onsgard commented.

Good luck to Al and the USA team on their trip to Australia and New Zealand. We hope to have some pictures and comments in our next issue of Swim-Master.

The Hawaii Masters Swim Club has organized an "all age group" ten man freestyle relay team, one man from each of the ten age groups between 25 and 79 years. Each man swims 100 yds/meters for a total of 1000 yds/meters. On 10 March '74 at the Univ. of Hawaii pool (50 mtrs by 25 yds) the team swam the 1000 meter relay in 12:07.88. We would like to challenge other Master teams to better our time! The team included (lefttto right) Dick Merritt 27, Art Thomson 31, Ron Honda 38, Jim Cotton 41, Fred Trask 46, Tom Mahoney 52, Jim Welch 56, Lloyd Osborne 64, Frank Walton 65 and Wally Laury 72.

The Masters Swim Meet in Edwardsville, IL on January 12-13 was held at the YMCA. The group posed for this picture during the meet. Masters swimmers follow a training program specifically designed for their age group by a Navy doctor who is the father of masters swimming. He is Captain Ransom Arthur who also is

Arthur has statistics which prove that masters swimmers can get within 10 per cent of their best previous times if they follow his training program.

### At 87 He Skis, Ice-Skates, Swims, Plays Volley Ball—And Relaxes by Dancing a Lively Tango

Joe Ross is just as likely to be found swooping down a ski slope as thrashing his way

across a swimming pool.

He crams ice-skating in between a stiff gymnastics program and a fast game of vol-

of a lively tango and or an ener-

getic rhumba.

It's a punishing program for a man of any age . . . and Joe Ross is 87.

"People become old before their time and senile through lack of exercise. They don't get enough blood going to the brain," says Ross, who stands 5-foot-8 and is lean and hard at 150 pounds.

"As they get older they sit down more and that's wrong. I exercise every day for 20 to 30 minutes. I even stand on my

Ross offers three key reasons for the way he looks and acts now . . . firmly-muscled, clear-eyed, strong-voiced and sharp of mind: the right mental attitude, proper diet and continual exer-

"When I was 21 I had developed an excellent body due to my interest in gymnastics and other activities - and I was determined to stay that way the rest of my life," Ross told The rest of my life," Ross told The ENQUIRER in an interview at his Hollywood, Calif., apartment, where every day he swims 200 yards in the pool.

"As for my diet," he said," I geat only natural, unprocessed foods. Nothing made with white flour. No white

And I drink a glass of raw certified I wish I could do the same things he does." milk every day."

Ross explained that his interest in nutrition began over fifty years ago when he read a book about vitamins. "I haven't touched white bread since."

Born in Frankfurt, Germany, on May 8, 1886, Ross was an accomplished swimmer, skater and gymnast by the age of 6.

He slipped into his first pair of skis when he was 52, around the age most skiers are thinking of giving up the demanding sport.

"An instructor spent half an hour with me and that's all I needed. I was on my own after that," he said with supreme self-confidence.

Twenty years later, in 1958, he had a serious skiing accident that left him with a broken ankle and torn tendon. But Ross was undeterred.

"I couldn't wait for the following season to get into my skis again. I love it," he exclaimed.

As a swimmer, Ross won two gold medals last May when he set two National A.A.U. records in competitions for men over 80.

And for years now - lately in the company of his girl friend who is 30 years younger — he has been winning dancing prizes. 'Latin dances are my specialty,' he said

then life insurance.

Recently, his auto insurance company broke its own rule and renewed his policy even though Ross was over 85. "When they turned me down, I went down to see them and asked them, 'Do I look over 85?' Then they renewed my policy," Ross said.

Ross is ready to face up to any kind of competition. But when Santa Monica Recreation Deut.

Santa Monica Recreation Dept. invited him to join its lawn bowl-

ing program he declined.
"After skiing and skating, lawn bowling is a little too tame for me," he explained with a twinkle in his eye. "That's for older people, and I consider myself a young man."

That's also the opinion of Joe Miko, organizer of the Santa Monica Swim Club and a

KEEPING IN TRIM Joe Ross says: "People be-come old before their time through lack of exercise."

With meat again reaching astronomi-

cal prices, here's some good news for athletes who used to rely on proteinladen steak before the big game.

Spaghetti, bread, and potatoes, chock-full of carbohydrates, provide athletes with more stamina than steak.

So declares Dr. David L. Costill, director of the Human Perfermance Laboratory at Ball State University in Muncie, Ind.

In Berkeley recently to discuss nutrition at a symposium on sports medicine at the University of California, Dr. Costill revealed, that many athletes eat spaghetti, bread and potatoes before games. He explained that proteins are more vital as long-term building blocks of muscle tissue but that carbohydrates provide an immediate source of sugar molecules to muscles depleted of glycogen.

### Athletes Need Practice, Even in Love Making

PARIS - (UPI) - "Can athletes make love before a competition without compromising their physical conditioning?" was the subject of a discussion organized by the French Basketball Federation.

"Five years ago no one mentioned such a thing," said Dr. Jean Dumas, physician for the grueling threeweek Tour de France Bicycle Race.

"And if they did, it was to preach abstinence." But the opinions expressed by some of the experts indicated times have changed.

"Let athletes make love as much as they want and whenever they want," advised Dr. Gerard Zwang at the weekend discussion. "There's nothing like staying in practice."

YMCA Director Dale Trinks catches his breath after rase.

### Aquatic Club Wins Team Title at Meet

Nine individuals won High Point awards in their age groups to enable the Fort Lauderdale Aquatic Club to win the team title at the fourth annual AAU Southern Regional Masters Meet held in St. Petersburg, FL. Top picture shows Gay Rosser holding the trophy with some of the team members. Middle picture has some of the Men's High Point winners L to R Bump Jones (40-44), Don Short (35-39), John Crews (50-54), Ted Haartz (45-49), Gerry De Long (30-34) and Dick Chelekis (25-29). Botton picture is of "some" of the 120 swimmers that entered the meet.
