

NOTICE TO ALL USMS MEMBERS FROM THE USMS RULES COMMITTEE

SEPARATED HANDS IN BREASTSTROKE AND BUTTERFLY

Issued by FINA January 20, 2014

The FINA Technical Swimming Committee has issued a clarification regarding the interpretation of the new rules about separated hands at the touch for breaststroke (USMS article 101.2.4) and butterfly (USMS articles 101.3.4 and 101.3.5). **The updated interpretation will apply to USMS competition immediately and replaces the USMS interpretation issued September 25, 2013.** USA Swimming has also published the new interpretation. The 2014 USMS Rule Book is available online at usms.org.

Text of the clarification from FINA:

“Separated” means that the hands cannot be stacked one on top of the other. It is not necessary to see space between the hands. Incidental contact at the fingers is not a concern.

FINA further states, “It is important that officials use common sense. Please also see attached a file which clearly illustrates the sense of the rules.” (See picture below.)
